

# Hardy's Dorset

## Hardy & Childhood

- The Gallery will show toys on display from Victorian ages, research the toys used and try making one of your own such as a spinning top- we have one of Hardy's in our collection.
- Do you have a favourite toy? What is it called, does a grown up you are with have a favourite to? Do they still have it now? Why not interview them and ask them about it and collect their answers to share.
- Make believe/ pretend- making a den in the garden, where is your favourite spot, secret space you've made, what games do you play there?
